## AGENCY ASSESSMENT

Your store has a solid structural foundation and competitive pricing strategy, which are key strengths to build on. However, your product descriptions and internal linking need immediate attention, as these gaps are significantly limiting your store's discoverability and customer experience. We've identified 5 critical issues across image quality, SEO, and content that require priority fixes to improve your overall performance from a C grade.

### D Images - 55.0% (14/24 passed, 3 issues)

- 4 products have images smaller than 800x800px [Quick fix]
